

This map illustrates a coastal land use planning area. The central portion is designated for a specific use, indicated by a pink cross-hatch pattern. This area is bordered by green zones, likely representing parks or open spaces, which are marked with a fine dot pattern. To the left and bottom, there are blue areas with a diagonal line pattern, possibly indicating water bodies or specific land use zones. A road, shown with a dashed line, traverses the map from the top right towards the bottom. A river or stream flows from the top left towards the bottom. Several small circular markers with letters (TC, AM, PD, PE) are scattered throughout the map, likely indicating specific points of interest or landmarks.
