

Diagram illustrating the installation of a vacuum unit on a wall. The unit is mounted on a wall, and the drawing shows the connection to a vacuum line. Key dimensions and components are labeled:

- tubo caduta Ø 30**: Vacuum drop pipe, 30 mm diameter.
- comando scarico**: Discharge control.
- ventilazione**: Ventilation.
- Dimensions**:
 - Horizontal distance from wall to unit center: 58 - 62
 - Horizontal distance from wall to discharge control: 45 - 49
 - Vertical distance from unit center to discharge control: 120
 - Vertical distance from unit center to ventilation: 37 - 41
 - Vertical distance from unit center to vacuum drop pipe: 180 - 200
